Jesus, your light casts out farther than the brightest star

**G Bm G A**  
Your brilliance leaves no doubt your the greatest by far

**G Bm G A**  
You never lose your light, the lost cease to roam

**G Bm G A**  
Like streetlights dancing in the night, you guide us home

**Bm E**  
You shine like crazy

**D A/C# Bm A/C#**  
Your light is blinding, a wonder for the searching

**D A/C# Bm A**  
Such a true love for the hurting, no one is deserving

**D E F#m E/G# F#m**  
But you shine so bright and you brighten up the night with your light

**D E**  
There is no other God but you

**F#m E/G#**  
The dark cannot compare

**D E**  
There is no other God but you

**F#m E/G#**  
No not one, none like you.
